Kaleb brought the meeting to order. Echo made a motion to approve the minutes of the September 2021 meeting minutes, and Kiersten seconded the motion. The motion was approved.

The group discussed the rules and procedures that are need for the council. There is slight wording update and the final draft will be published.

The next topic was emergency supply buckets. Most are in good condition, a small amount of the council funds will be used for minimal updates. As needs arise items can be purchased, they will be small amounts on a rotating basis; the district has provided the most necessary items. Robyn is going to work on the updates and ask for help as needed.

The safe walking route needed to be reviewed and approved. The boundaries of the school have not changed in years and the route is ok as it currently is. There is a possible need to look at with children crossing a neighborhood street on the west of the school. Mr. Yates will look into it to see if any revisions or information needs to be shared with the community. There are limitations with private streets and what the school is able to address.
