

Welcome to Jordan Hills Preschool

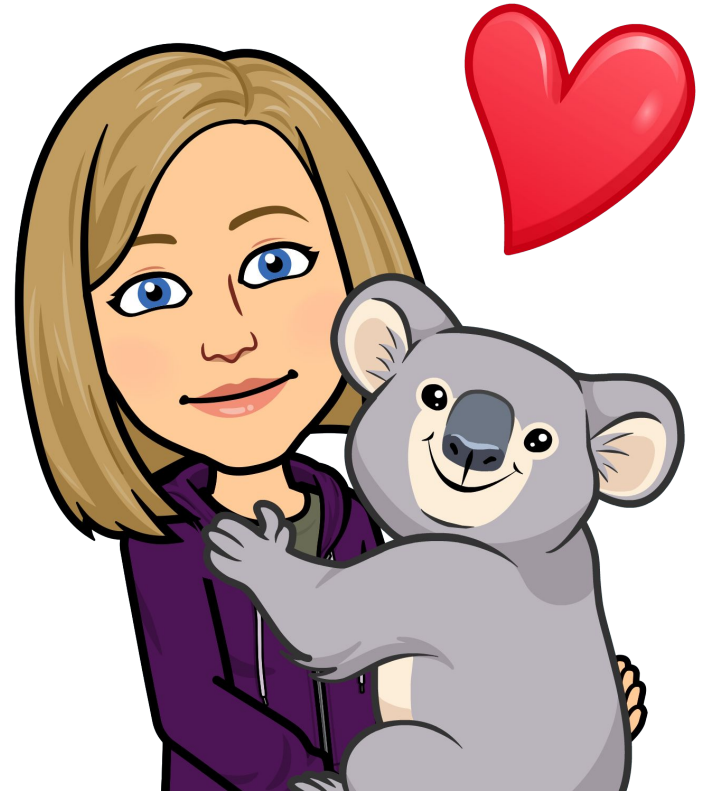

I'm excited for a fun new year

My name is Sabrina Denison and I am the preschool teacher. I have worked at Jordan Hills since 2016. I have also taught in the Nebo District (preschool) and Granite District (Substituting).

I love reading, crafting, and being silly. My favorite time of preschool is large group where we get to sing, dance, and read stories.

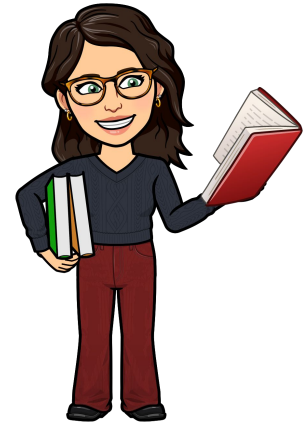

I look forward to working with you and your child. If there are any questions or concerns please come and talk to me, email, or text. We are going to have a great year!

Hi! I am Jillian Rush, and I will be the new speech-language pathologist for preschool students at Jordan Hills for the 22-23 school year! This is my second year working in the Jordan School District preschool program, and I am very excited to be back!

I plan to be in the classroom with Ms. Sabrina all day on Mondays and Tuesdays to work with the kids. I like to participate in the classroom as much as possible and work with the kids during their regular classroom activities or during play! I will also be doing small groups to work on age-appropriate language skills. I look forward to getting to know all of you during the upcoming school year!

Ms. Sabrina/ Ms. Jillian's Classroom News

Welcome to a new school year at Jordan Hills preschool! At pre-school, we offer play/work opportunities to strengthen skills in all areas of development. We are using the Creative Curriculum and Learning Without Tears supplement. We encourage children to express their wants and needs, to be active decision-makers, and to be responsible for their choices. We are available to you for questions and concerns. Our school phone number is 801-280-0238, and e-mail sabrina.denison@jordandistrict.org. For speech/language questions, e-mail Jillian Rush at jillian.rush@jordandistrict.org.

BACKPACKS: Each child needs a **FULL-SIZE BACKPACK!!!!** WRITE YOUR CHILD'S NAME ON EVERYTHING INCLUDING THE BACKPACK. Please send a change of clothing (including underwear and socks), diapers, and wipes in the backpack. Please dress your child appropriately for the weather. Check backpack daily for memos, information, and work from your child.

BIRTHDAYS: You are welcome to send a store-bought treat for your child's birthday. Please email Ms. Sabrina for the number of children in the class.

ILLNESS: IF THERE IS ANY QUESTION AS TO WHETHER YOU SHOULD SEND YOUR CHILD TO SCHOOL, PLEASE KEEP HIM/HER HOME. Due to the fragile health of some of our children, we need to be careful. We will call for you to come to pick up your child if they come to school sick.

SNACK: We will provide a snack each day. Please notify Ms. Sabrina of any allergy or health concerns we need to be aware of. **WE ARE A NUT-FREE CLASSROOM**

TOYS: DO NOT SEND TOYS FROM HOME UNLESS REQUESTED.

If your child is sick please keep them at home.

Quick guidelines

Fever free for 24 hours without medicine (100 degrees or less)

NO throwing up or diarrhea for 24

No goopy runny nose

Weird or unexplained rash

We will take temperatures and call you to pick up your child if you send them to school sick.

Jordan School District Guidelines for Excluding Students

Condition	Exclusion/Non-Exclusion Criteria	Readmission Criteria
Chickenpox (Varicella)	Exclude infected child until all blisters are crusted. <i>See JSD Chickenpox reporting guidelines for schools.</i> Complete and submit Utah Department of Health Chickenpox Investigation Form.	When all blisters have scabbed over, usually 5-6 days after the start of the rash or may return in 24 hours if no new lesions.
Colds, Sore Throat, or a Persistent Cough	No exclusion required <i>unless</i> child feels unwell or has a fever and/or child is unable to participate in routine school activities due to condition. Child should be able to follow cough etiquette, (cough in sleeve).	Fever free for 24 hours without using any fever-reducing medications & symptoms do not interfere with routine school activities.
Diarrhea (An increased number of loose, watery stools compared with the child's normal pattern).	Exclude if not consistent with child's normal pattern.	Symptom free for 24 hours or once a doctor has cleared to return to school.
Fifth Disease (Parvovirus)	No exclusion required <i>unless</i> child feels unwell or has a fever. Once the child has a rash, they are no longer contagious. <i>Pregnant women exposed to infected child should contact their physician.</i>	Fever free for 24 hours without using any fever-reducing medications.
Hand, Foot and Mouth Disease	No exclusion required <i>unless</i> child feels unwell, is unable to control their saliva or has a fever.	Fever free for 24 hours without using any fever-reducing medications.
Head Lice	Only exclude children with untreated live lice. <i>Refer to the March 2007 JSD Lice Management Protocol</i>	After the first treatment.
Impetigo	Exclude if sore is oozing and cannot be covered. No Exclusion if sore can be covered or is dry & shows signs of healing.	24 hours after antibiotic treatment is started or oozing sore covered.
Influenza (Flu) Types A and B	No exclusion required <i>unless</i> child feels unwell or has a fever and/or child is unable to participate in routine school activities due to condition.	Fever free for 24 hours without using any fever-reducing medications.
Marked Drowsiness/Malaise	Exclude if child is unable to actively participate in routine school activities.	Symptom free for 24 hours.
Mononucleosis (Epstein-Barr virus)	No exclusion required <i>unless</i> child feels unwell, has a fever and/or child is unable to participate in routine school activities due to condition. Some individuals may take months to regain their former level of energy but may still attend school.	Fever free for 24 hours without using any fever-reducing medications and able to participate in routine school activities.
Methicillin Resistant Staphylococcus Aureus (MRSA)	Exclude if wound cannot be covered or wound drainage cannot be contained with a clean, <u>dry</u> bandage taped on all four sides. No Exclusion if wound can be covered or is dry and shows signs of healing. ⇒ Children with lesions on uncovered skin, or lesions that are draining or oozing, even if covered, may not participate in close contact sports.	24 hours after effective antimicrobial treatment is started or oozing wound is covered and wound drainage can be contained with a clean, <u>dry</u> bandage taped on all four sides.

Condition	Exclusion/Non-Exclusion Criteria	Readmission Criteria
(Pink Eye) Conjunctivitis <ul style="list-style-type: none"> Purulent Conjunctivitis Non-Purulent Conjunctivitis 	<p>Exclude: Purulent Conjunctivitis defined as pink or red eye with white or yellow eye discharge, often with matted eyelids after sleep and eye pain or redness of the eyelids or skin surrounding the eye.</p> <p>Non-Exclusion: Non-Purulent Conjunctivitis defined as pink eye with a clear, watery eye discharge without fever, eye pain or eyelid redness</p> <p><i>Child should be reminded to avoid touching eyes and to wash hands often.</i></p>	<p>24 hours after treatment is started or until cleared by a physician to return to school</p> <p>Does not require exclusion.</p>
Pinworms	No exclusion required.	
Rash with a fever	Exclude following the temperature/fever guidelines below.	When a health care professional has determined that the illness is not a communicable disease.
Ringworm	Exclude at end of school day. While at school, rash needs to be covered.	Once treatment is started. Usually an anti-fungal cream. Avoid contact sports for 72 hours (Ex: wrestling).
Scabies	Exclude until seen by a Health Care Provider and/or until treatment has been initiated.	Day following treatment.
Shingles	Exclude if rash cannot be covered.	When all lesions have crusted or when rash can be covered.
Sores (Any Skin Lesion in a weeping stage)	No exclusion needed if covered and/or diagnosed as non-infectious	When lesion can be covered and/or diagnosed as non-infectious.
Strep Throat and Scarlet Fever (Scarlet Fever is Strep Throat with a rash)	Exclude until seen by a Health Care Provider and treatment initiated.	12 hours after antibiotic treatment is started
Temperature/Fever	Exclude from school for a temperature/fever over 100.4.	Fever free for 24 hours without using any fever-reducing medications.
Vomiting/Severe Abdominal Pain	Exclude at first symptoms.	Symptom free for 24 hours.
