#### **TSSA (Teacher Student Support Act)**

\*No Vote needed for TSSA due to no action needed from committee, but the information needed to be provided to the committee.

Grant allowed by the state- Specials Payments come from TSSA rather than from the Land Trust Amount given in Grant \$60,000

**School Safety Plan** 

Safe Walking Route for New Construction

\*No vote needed on this as no action was taken only gathering information and research at this point

At this point we are anticipating possibly 18 kids from the new homes.

Is an additional crossing guard needed at the crossing of PineCrossing Drive and 4800 W?

Rachel Hale will sit on PineCrossing Drive and see how many kids cross the street not in a crosswalk prior to new homes, to see what type of options we need to present to the WJPD for our Safe Walking Routes

### **Fundraiser Info**

Spoke about Fundraisers for SCC and if we can do the same type of things that the PTA does with the nearby businesses to get a portion of the proceeds.

Niki George (BOE) advised us to use one of the partners within the JSD to do our fundraisers. Niki provided the website of JordanEducationFoundation.org which provides the list of different businesses that do team up with SCC to do fundraisers specific for community council.
